NOTICE OF *EX PARTE* COMMUNICATION**

Pursuant to Rule 8.4 of the Commission's Rules of Practice and Procedure, Pacific Gas & Electric (PG&E) hereby gives notice of the following *ex parte* communication. The communication occurred on Wednesday, June 22, 2016, at approximately 8:00 p.m., and lasted for approximately 30 minutes, at the 29th Annual Western Conference dinner event sponsored by the Center for Research in Regulated Industries' (CRRI), Rutgers University, held at the Hyatt Regency in Monterey, California.

He stated that, reflecting California's evolving energy landscape, PG&E, labor and leading environmental organizations collectively developed a proposal that would increase PG&E's investment in greenhouse gas free portfolio of energy efficiency, renewables, and energy

storage beyond current state mandates and phase out PG&E's production of nuclear power by 2025.

Respectfully submitted,
